

KSME Annual Meeting 2023 International Session

November 1~4, 2023

Songdo Convensia, Incheon, Korea + Online

Welcome Message

The Korean Society of Mechanical Engineers is holding the 'KSME Annual Meeting 2023' at Songdo Convensia, Incheon, Korea during Nov. 1~4, 2023. The KSME Annual Meeting is the largest academic event held by KSME where more than 1,000 lectures and papers are presented with 2,000 attendees every year. This year's meeting will establish its second International Session to expand and exchange discussions with overseas researchers. Korean/non-Korean researchers in overseas universities and institutions and those from domestic affiliations can participate in this hybrid (online and onsite) session. While onsite presentations are recommended, online presentations can also be made if affiliated with foreign organizations. Onsite presentations are mandatory for all domestic presenters. Through this session, we hope researchers in the field of mechanical engineering have the opportunity to share ideas and outcomes. We look forward to your ardent support and participation.

Yours sincerely,

Secretary General of International Session

Prof. Gunwoo Noh

Korea University

Chair of International Session

Prof. Do-Nyun Kim

Seoul National University

General Chairs of KSME Annual Meeting 2023

Prof. Dong Hwan Kim

Seoul National University of Science and Technology

Dr. Yongjin Song

Doosan Enerbility

Conference Topics

01. Engineering Materials and Technology
02. Robotics and Control
03. Production Engineering
04. Dynamics, Vibration and Sounds
05. Micro/Nano Engineering and Technology
06. Bioengineering
07. Solid Mechanics and Design
08. Thermal and Power Engineering
09. Fluids Engineering

Submission Guideline

Authors are invited to submit a one-page abstract in English by September 6, 2023. The abstract should be submitted via the official online website (<http://intl.ksme.or.kr>). Registration is required before you submit an abstract. A participant can make one or two presentation(s); one registration can cover two presentations only.

Submission to JMST (SCIE-indexed Journal)– Optional

If you are going to submit your paper to JMST to be considered for publication in a special section, a full paper prepared in the JMST template must be submitted by October 31, 2023. Guidelines in detail will be updated later on. (<https://link.springer.com/journal/12206/collections>)

Important Dates

- **Abstract Submission Deadline**
September 6, 2023
- **Registration Deadline for Presenters**
September 6, 2023
- **Registration Deadline for Participants**
October 11, 2023

Registration Fee

Category	Online Presentation (for presenters affiliated in a foreign organization only)	Onsite Presentation	
		Member	USD 170 / KRW 215,000
Regular	USD 100 / KRW 120,000	Non-Member	USD 220 / KRW 275,000
		Member	USD 115 / KRW 140,000
Student	USD 50 / KRW 60,000	Non-Member	USD 140 / KRW 165,000
		Member	

- * Onsite registration fee includes lunches and a banquet.
- * Presenters affiliated with a domestic organization are required to present onsite.
- * 'Non-Member' participants will be granted a one-year KSME membership.

Venue
